### FIRE SAFETY

#### **No fires are to be lit on the grass!!!**

Alter fires/Fire trays and half oil drum BBQ's can be hired if needed.

If you do use any instant disposable BBQs on the camping field, make sure that they are off the grass and are not placed near any tents or waste bags when finished with.

There is to be no felling of standing timber. Wood is expensive and if wasted we reserve the right to make any additional charges.

Please ensure any surplus wood is returned to the wood piles before your departure.

Wood is available at the designated wood piles adjacent to the site's two large campfire circles.

No turf or trenches are to be dug!

The two large campfire circles are free to use but you must notify a member of our staff of any times and dates your group wishes to use them.

If a member of K.I.C.C. staff witnesses any abuse or misuse of any knives, axes or saws within the site, they are authorised to request the item and it will be returned only to the leaders in charge.

Fire Trays & Baskets must only be emptied on to the sites two large campfire circles or left for staff collection following your departure.

Do not attempt to move your fire trays or BBQs when they are lit.  
(Always allow them to cool first; skin will stick to hot metal)

Never leave your BBQ or camp fire unsupervised!

Only the burning of paper card and wood is allowed!

Persons found burning rubbish, plastic or any toxic materials will be asked to leave the site immediately!

Wind directions do change abruptly because of the location of this camp site, so please do your best not to smoke out your neighbours when having camp fires or cooking.

The No 1 rule is to always have fun and enjoy your self in a safe manner. Please help us to make your stay with us here at Kingsdown a safe happy and enjoyably experience.
